## TRACK TEAM HAS POWER AND BALANCE, BEATING ROCHESTER 97-34, FOR THIRD STRAIGHT WIN

### Buff and Blue Takes Eleven First Places And Relay

### SHOW GOOD FORM

#### Hamilton Athletes Masters in 220, 440, Shot, and Discus

Winning eleven first places and the relay Hamilton's track and field team gave further promise of a successful season by conquering the University of Rochester, 97 to 34, at Rochester on Saturday. Although failing to break last year's record score of 107 to 24 over Rochester, greater balance in all events was shown by the Buff and Blue athletes, who made clean sweeps in the 220-yard dash, the 440-yard dash, shot put, and discus throw. Rain fell during the entire meet, and it was impossible to make good times on the track or do anything exceptional in the field events.

Hamilton went into the meet somewhat weakened on account of the absence of Ruland, away on a Geology trip, and Eames, who sprained his elbow. George Bull, sophomore sprinter, probably made up for the absence of Ruland, by winning the 100-yard dash, and finishing second in the 220. Denman, running the 220-yard dash for the first time this year, won the event. Hamilton failed to get more than a third in the javelin, which Eames probably would have won.

**Stewart Wins Hurdles**

The afternoon started off auspiciously for Hamilton, when Bull and Toaz romped in first and second in the century, ahead of Jacobs of Rochester. By the time the 220-yard dash took place, in which event Hamilton took every place, the result of the meet was fairly well decided. Denman, Bull, and Toaz took all the places for Hamilton in the 220, finishing in that order.

Stewart came to the front for the first time this year in the high hurdles, when he captured the event in front of Schauman and Regan, Rochester's stars who fininshed ahead of Stewart in the indoor meet on March 25. Schauman took the low hurdles, however, finishing just ahead of Bellatty and Conklin.

**Make Three Clean Sweeps**

Captain Walter Pritchard won both the mile and two mile runs

(Continued on Page Four)

### *D. T. Club Banquet Held at Harding's*

The annual banquet of the D.T. society was held Wednesday evening at Harding's in Utica. The initiates, minus their baby caps and carts, as well as the thirteen members from the Class of 1934, gathered together to relax after the strenuous period of initiation.

Charles F. Kennedy, newly elected president, was the only one to address the group during an evening marked by a scarcity of formal speeches. The affair was made possible by part of the proceeds of the tea dance sponsored by the society during Spring House Party.

## EIGHT MEN ARE HONORED BY PI DELTA EPSILON

#### Symonds, Diggs, Work, Schilz, McKechnie, Waddell, Katz, Hamilton Tapped

At a meeting Friday of Pi Delta Epsilon, honorary journalistic fraternity, eight undergraduates were pledged members of the association. The candidates are: Harold W. Symonds, Jr., Robert M. Diggs, Henry H. Work, Elmore S. McKechnie, Herman S. Schilz, all of the class of 1933, and Robert C. Waddell, Wesley D. Hamilton, and Louis G. Katz, from the class of 1934.

Activity in the field of Hamilton publications has qualified each of these men for connection with this national society. Symonds is the business manager of Hamilton **Life**. Diggs is managing editor of **Life** and on the board of the "Handbook."

Work is editor of the "Handbook", was managing editor of the 1934 "Hamiltonian", and a member of the **Life** board. McKechnie is business manager of the "Handbook" and the "Royal Gaboon." Schilz is editor of the "Hamilton Literary Magazine" and is connected with the "Handbook."

Of the sophomore pledges, Waddell is editor of the 1935 "Hamiltonian" and a member of the reportorial staff of **Life**. Katz is managing editor of the 1935 "Hamiltonian", a reporter for Hamilton **Life**, and a member of the Press Board. Hamilton acts as business manager for the 1935 "Hamiltonian."

## LIBRARIANS TO VISIT HAMILTON

#### Professor Ibbotson to Receive Representatives After Clinton Meeting

A meeting of the Library Institute of central New York State will be held on May 18 in the Kirkland Town Library. After the morning session in Clinton the librarians will be received at the Hamilton College Library by Professor Joseph D. Ibbotson, who is a member of the organization.

The Institute is composed of the smaller libraries located throughout central New York. At the meeting problems concerning the operation of libraries are discussed and plans are made for close cooperation between members of the league.

Professor Ibbotson recently attended a meeting of college and university librarians held in Rochester. This is an organization representing Cornell, Syracuse, Rochester, Buffalo, and other central and western New York universities. The policy of the federation is cooperation in the securing of rare and expensive books. Through a system of loans between libraries unusual books are secured where there is a demand. Throughout the past year Hamilton has accommodated other colleges with from 40 to 50 books, and has borrowed even more works from member libraries.

## Freshmen and Seniors Triumph in Mushball Intra-Mural Contests

After seven innings of home-run hitting and extra base blows, the final score of the freshman-sophomore game yesterday stood 15-11. The game was a free-scoring tilt, with the frosh getting off to an early start. They had pounded Gummerson, soph pitcher, for 12 runs before the second-year men were able to tally once.

But when the sophs once got started, it seemed as though they had been hitting them all day. Seven runs came in the fourth frame before Kravetz, frosh hurler, was removed. His successor, Osterhout, was little better, yielding seven more runs in the final three innings. The biggest thrill of the game came in the final stanza when with two out and two men on base, and the sophomores trailing by three runs, Harris White knocked a long fly to center field which was fumbled, allowing two runs to score. The inning ended with the next play, the tying run being left on third.

The juniors likewise got away to a comfortable six run lead, which they maintained for three innings in their game with the seniors. But the last year men got their eye on the ball and nicked Cowles and Robertson for 18 runs before calling it a day. Stein did a good job of pitching for the men who will graduate this June.

## 1932-33 COURSE ELECTIONS DUE ON WEDNESDAY

### May 18 Set as Date For Submission Of Cards

### SCHEDULES POSTED

With May 18 having been set as the final date for the submission of elective courses for next year, the Committee on Schedules and Studies has requested that undergraduates acquaint themselves with the regulations governing choices appearing in the handbook and college catalog. Last Friday the Committee posted a copy of these regulations together with the courses offered and the hours of their occurrence. Particular attention should be paid to the new courses which are being offered this year, and to the several changes due to alternation of studies.

In the department of Political Science a new course is being offered for the first time, to be known as Political Science 9-10, "Constitutional Law and the Development of Political Thought." Several changes have been made in the existing courses. The 1-2 course, known as "American Government," and dealing with the organization and actual working of government, national, state, and local, in the United States will in the future be designated as "Problems of Government." The 3-4 course in "Comparative Government" and the 5-6 course in "International Relations" remain unchanged. In place of the 7-8 course known as "Political Theory; Diplomatic problems,", which deals with problems of political theory and international relations, a new term will be used, "American Diplomacy."

**French Courses Changed**

In the Department of Music another course has been added to be known as Music 11-12, "Advanced Composition." One other change has likewise been made; what has previously been known as Art 5-6 will be termed Music 3-4 or "Choral Music."

The French Department has also witnessed many changes. French 5-6B, a course offered for the first time this year, will be known as 5-6. This course, "Conversational

(Continued on Page Three)

*Speaks Tomorrow*

Rabbi P. S. Bernstein

## POLY SCI CLUB TO HEAR RABBI P. S. BERNSTEIN

#### Noted Writer and Speaker Will Discuss "Inter-Racial Issues"

Philip S. Bernstein, a noted writer and speaker, Rabbi of the Temple B'rith Kodesh in Rochester, will be the speaker at a meeting of the Political Science Club at the Psi Upsilon House, Wednesday evening at 8 o'clock. Rabbi Bernstein's subject will be "Inter-racial Issues". A discussion period will follow the talk.

As the western world reverberates with protests against the Soviet government's campaign against religion, Dr. Bernstein, leader of Rochester's liberal Jewish congregation, is able to set forth impartially the facts of a situation much clouded by propaganda and counter-propaganda. During a recent two month trip to Russia, Rabbi Bernstein studied the religious problem closely.

The speaker has conferred not only with priests and rabbis, but with government officials, with the heads of the Society of the Godless, with the editors of the "Ath-

(Continued on Page Three)

## TENNIS TEAM LOSES TWICE DURING WEEK

### Colgate and Syracuse Each Drop Only One Match

### MURPHY WINS TWO

Suffering two defeats in the past week, the tennis team lost its fourth straight match of the season to Syracuse University by a score of 3-1 on Friday, May 6, after being beaten 5-1 by the Colgate netmen in a closely fought match played at Colgate on Tuesday, May 3.

Murphy, number one man on the Hill team, tallied the total number of Hamilton points, taking his singles matches in both meets. He defeated Peavy, number one Colgate player, 6-2, 6-2; and Gleason of Syracuse, 6-0, 6-3. Murphy was in his usual good form, taking both his matches with ease.

**Match Hard Fought**

Rain, but for which the match might have been tied, called a halt to the Syracuse contest before the doubles matches were finished. When these matches were called in the first set, the Hill players led their opponents in scores in games.

Although badly beaten in the final score, the contest with the Maroon was the hardest fought match. In the first doubles match, Murphy and Captain Kelsey defeated Tompkins and Woodruff 6-2 in the first set, lost 1-6 in the second, and contested the third for twenty-two games, finally losing 10-12. At one point in the third set the Hill men had their opponents 5-3 in games and thirty-love in points, within two points of set and match.

**Tompkins and Peavy Strong**

Schleit and Young, fighting stiff competition against Peavy and Tufts, put up a valiant struggle, having their opponents at set point several times before finally losing 6-8. The doubles matches plus defeats suffered by Kelsey, Young, and Schleit netted the Maroon team five points to Murphy's one for Hamilton.

The Hill team fought its strongest opposition in its match with Colgate against the Maroon's Peavy, present number one man, and Tompkins, now number two,

(Continued on Page Three)

### *Request Observance Of Library Rules*

Closer observance of the library regulations was requested by John O. Ready, '32, Chairman of the Honor Court, in a plea made in morning chapel on Wednesday.

Two violations of the rules governing the use of books have been brought to the attention of the Honor Court lately with increasing frequency. The removal of the books placed on the reserve shelf has caused the greatest inconvenience among the library patrons. Special volumes set aside for the use of various courses have been missed from the shelves for weeks at a time, rendering it impossible for students to do required reading.

Clippings have also been cut from the newspapers taken by the library, not only depriving other readers of that information, but also making the paper unfit for binding purposes.

## FRESHMEN WIN IN DEBATE ON HINDU QUESTION

#### Linowitz, Covell, and Brown Take Decision from Utica Free Academy

The Freshman debate team completed an active season Friday evening, when it defeated the Utica Free Academy in a contest held in Utica, arguing the negative of "Resolved: That India should be given immediate Home Rule".

The Hill team was composed of Sol Linowitz, Cranston Covell, and John L. Brown. The Hamilton debaters proved that English rule has gained India great benefits economically, politically, and socially. Furthermore they showed that present conditions in India, due to the diversification of race, language, and religion, and to the barrier of caste, are such as to make home rule an impossibility. The final speaker for Hamilton pointed out that India's lot under Home Rule would be much less satisfactory than under the present British administration, citing the wars, religious riots, financial chaos, and external agression which would inevitably accompany English withdrawal. The Academy team contended that India should be given Home Rule since the right of self-determination is the inalienable right of nationality.

A debate between the Hill Freshmen and the Utica Free Academy has become a forensic tradition in both schools. In the eight contests which have so far been held, Hamilton has won five.

## ST. LAWRENCE DEFEATS HILL IN BALL GAME

### Buff and Blue Loses Today, 4-2, in First Home Game

### DOUGLASS PITCHES

#### Allows Visiting Team 10 Hits; Early Hamilton Errors Are Costly

Hamilton's baseball team met defeat at the hands of a strong St. Lawrence nine by a count of 4-2 this afternoon in its first home appearance of the season. First inning errors were costly to the Buff and Blue, two of the three runs scored in that frame not being earned.

The visitors rapped Douglass for a total of 10 hits, as compared to six for the Hillmen, however, and had a slight edge in the play throughout the game. They made only two errors, while Coach Weber's men bobled five times.

Furlong had nine strick outs to his credit, showing good control and ability to bear down when in trouble. Flanagan proved to be the heavy hitter of the game.

The Larries got an early lead by scoring three runs in the first inning. Herner, lead off man, reached second base when Ollikainen made a wild throw of his ground ball, but was nabbed at third, Ollikainen to Scott, on Holland's grounder. Pencheff got to second and Holland reached third on Scarpitto's error. Flanagan singled to left field, scoring both men, and went to second when a play was made at the plate. He got to third as Christie grounded out to Ollikainen, and scored on Fasco's double to left. Kunz grounded out, Scarpitto to Fay, retiring the side.

Hamilton showed up well in the second inning, making a double play, Scarpitto to Ollikainen to Fay, while in the field, and missing a chance to score when Alberico failed to touch home plate, but neither team scored again until the fourth.

In this frame Hamilton cut down the visitors' lead to 3-2. Harding singled sharply to left and was held to first only by fast fielding on the part of Herner. Alberico flied out to Kunz, but Harding advanced to third on Ollikainen's bingle. Scott then hit a hot grounder to Furlong, who made a quick recovery to catch the batter at first. A double play would have resulted, had not Flanagan dropped the ball as Harding slid into the

(Continued on Page Four)

## PROGRESS RAPID ON "HAMLET"

#### Players Learn Parts; Novel Settings to Feature Production

Work on "Hamlet", to be given by the Class in Dramatic Interpretation on the evenings of May 16 and 17, is progressing rapidly. The men in the cast have all learned their parts, and Professor Fancher is now working on the effect, which is so difficult to interpret in a presentation of Shakespeare. Rehearsals have already been held under the new lights, and a dress rehearsal is planned for the first part of this week.

Entirely original stage settings will be attempted in this modern presentation. One version of this originality will feature three levels on which the action will take place, supplemented by cyclorama effects. Another innovation will be the use of an entirely new system of lighting. This lighting system is being furnished and arranged by Professor Fancher himself and will consist of all the new features used in the large-scale play production, such as shadow lighting and black lights. The play will be given in as nearly the Shakespeare style as possible and every effort is being applied in that direction.

Dress rehearsals have been planned for the Saturday and Sunday nights preceding the play.

## *LEAD THREE TEAMS INTO ACTION HERE THIS WEEK*

**Walter H. Pritchard, '32**
Captain of Track

**Weston M. Kelsey, Jr., '32**
Captain of Tennis

**Arthur O. Harvey, '32**
Captain of Baseball

Hamilton's spring sports squads are to make their first week-end home stands when the baseball nine meets Rochester Friday afternoon and St. Stephen's Saturday, and the track and tennis teams oppose Union and St. Stephen's on Saturday. The tennis team has two other matches during the next week, one with Syracuse at Syacuse to-morrow and the second with St. Lawrence at Clinton Tuesday. The track meet with Union will be the major event of the week-end, as it not only has the tradition of Union competition behind it, but is also the only home meet of the season.

Coach Winters predicts a victory for the Hill squad, which has shown up exceedingly well so far, having won from both R. P. I. and Rochester. The Union squad has been hard hit by graduation, and only a few members remain of the veteran squad which defated Hamilton last year, 75-48, and so it has to rely chiefly on inexperienced sophomores.

To date the Garnet has lost to Amherst and Manhattan, both of which, however, are strong teams. Union's strength on the track lies chiefly in the high and low hurdles and the quarter mile, but Hamilton has also done well in these events. Stewart's unexpected victory in the high hurdles at Rochester last week makes him somewhat of an unknown quantity, Bellatty is Conference champion in the longer race, and Denman and Sprague are both dependable 440 men. The javelin and high jump seem to be the visitors' only threats in the field, as their star broad jumper and pole vaulter broke his arm last week and will be unable to compete.

The baseball game with Rochester will take on added interest in view of the fact that Saturday's game wih the Yellow-jackets was called off on account of rain. The Rochester team is apparently unusually strong this year, as it has won from Syracuse and held Colgate to a 7-5 score. The Buff and Blue team has not yet shown good form, in spite of the fact that there are many experienced men on the squad.

Little is known about St. Stephen's' nine, which the Buff and Blue will meet on Saturday afternoon. Last year the Hillmen had little trouble in taking the measure of the Saints by a 14-1 count in the season's opener at Annandale.

With its first meet yet to be won, the tennis team travels to Syracuse tomorrow confident to make up for the loss sustained at the hands of Syracuse last week. On Saturday the Hill team will meet St. Stephen's here, and on the following Tuesday St. Lawrence will furnish the opposition on the home courts.

The Buff and Blue men feel sure that they will come home with a victory over Syracuse, for the good weather has allowed much needed practice, and it seems probable that the men will gain the victory which was prevented by rain Friday.

Very little is known of the teams of St. Lawrence and St. Stephen's. Bad weather also prevented their matches last week, and so the Hill men will face unknown teams new to the Hamilton schedule.

## Telegraph Track Meet With Oberlin College Heads Frosh Sports

Primed after more than a week of regular practice. the freshman track team will compete with the Oberlin yearlings in a telegraph meet to take place Wednesday and Thursday of this week. Enjoying an edge over the other sports in their fight against uncertain weather, the squad looks capable of giving the Oberlin runners a good battle.

Racing against time, the results will be compared by telegraph. Those who will take part in the events will be selected on the eve of the meet.

The line-up of the yearling baseball squad is as yet uncertain. The irregularity of practice brought about by inclement weather has given Coach Weber no opportunity to make any cuts. Games with the varsity nine as well as a scrub game with the Clinton High School team will be played in the near future.

A dozen men represent the Class of 1935 in tennis. The candidates are practicing under the tutelage of Coach Gelas, and several give promise of future varsity material.

The inclement weather conditions have doubly handicapped all the freshman squads, as the coaches have been forced to devote almost all of their time to the varsity teams when the weather has been good.

## "FAIR HAMILTON"

The most consistent of malcontents are undoubtedly college students, and the most vociferous of these are wont to air their views in the columns of their college papers. The editorials in Hamilton Life, for example, are largely dedicated to the highly polished collegiate art of "griping".

Yet once in a while criticisms of conditions at other institutions become so boisterous as to attract the attentions even of isolated Hamilton. On such occasions the Hamilton man changes his ordinary attitude of dissatisfaction and takes time to be thankful that his Alma Mater has been able, through these years of turmoil, to hold her head high on account of both her academic accomplishments and of her steadfastness of purpose.

Almost every year such an occasion comes at the end of the football season, when talk of professionalism and subsidation is common throughout the country. Last Fall, when coaches, athletic directors, and officials held their annual meetings, they concluded that the true solution of the multifarious problems confronting collegiate football lay in the inauguration of a system similar in every detail to that on which Hamilton has been thriving for some time.

The May number of "The Intercollegian"—a magazine devoted to the concerns of the Christian Student Movement and having as its motto, "Student Opiinion at its Best"—devotes most of its space to criticisms of campus politics and of the fraternity system. The discussion on the fraternity question consists of letters inspired by a previous editorial challenging the present system to prove its worth.

If the conditions revealed in these articles are general in American colleges and universities, and it appears that the editors have exerted every effort to guarantee that they are, the Hamilton man once more has due cause for congratulation, for various college leaders are quoted as condemning politics on their campuses as far more scandalous than the most corrupt of national or municipal politics and others characterize fraternities as a degradatory influence on the American college system.

One would have to look far and searchingly to find the slightest trace of such conditions at Hamilton. The no-deal agreement has been extraordinarily effective in curbing politics, and the fraternity system, when put in the balance, is found far from wanting. So "Sing your praise again for the College on the Hilltop."

## ATHLETIC TROPHIES

As Commencement draws near, we feel that the attention of the undergraduate body should be brought to bear on the condition of the athletic trophies now stored in the Hall of Commons. Since its erection in 1903, Commons, besides providing dining accommodations for undergraduates, has served as a general center of collective social meetings, undergraduate gatherings of one sort or another, college dinners, and alumni luncheons. It is here, for lack of a more suitable place, that athletic group pictures, banners, pennants, and similar trophies have been allowed to collect smoke and dust, and have received none too careful treatment from undergraduates.

In the building some sixty odd pictures are distributed, while approximately twenty pennants and banners are hung about the place. These have been placed with little or no regard for relative sizes or shapes, and as a result, the impression of utmost confusion is noticeable. The rear of Commons has been used as a depository for the collapsible seats used at social gatherings, and it is **behind** this stack of chairs that some forty of the pictures are located. In addition to this, several pennants and banners are located backstage from the drapes and curtains of the dramatic organizations. Several of the pictures, particularly of class groups of the early nineties, are in a deplorable state, but it is certain that a little cleaning or perhaps the restoration of a frame or two would greatly improve the general condition of the Buff and Blue trophies. The old custom of taking athletic group pictures and hanging them here in Commons has lapsed during the past seven years.

Hamilton men are proud of their organizations and athletic teams, past as well as present. These reminders of Continental conquests deserve careful treatment and veneration. The time of year is fast approaching when members of these teams will be returning to the Hill—some perhaps for the first time in years. It is not flattering to find one's football team covered by an inch of dust, or housed in scratched and dirty frames, or to see the banner, once symbolic of victory hard won, suspended somewhat rakishly from staffs which have seen service as window props. The shells, reminiscent of the days when Hamilton's crew supremacy was recognized, might well benefit by a thorough cleaning also.

Let us show these Hamilton men when they return in June that we still remember their athletic prowress—that we are proud of our traditions—that we respect and venerate their trophies and the victories of which they are symbolic!

**W. J. M., '34**

## FOR INCONVENIENCE'S SAKE

With the posting of the new list of electives for next year comes the announcement that prerequisites to senior public speaking courses have been removed and that seniors from now on must elect senior courses. That is, seniors, under the new ruling are limited to a meagre choice of three courses, Senior Orations, Senior Debate, and Senior Extemporaneous Speaking, of which they must elect two.

This change is obviously intended to relieve overcrowded conditions in junior courses, but on second glance, it would seem that it defeats its own purpose. Junior courses will be relieved, but the three senior courses will be as overcrowded as the junior ones are now. Under the new ruling there will be five courses open exclusively to juniors. The juniors in future years will be spread out in small groups, but the seniors, confined as they will be to but three courses will be as crowded as the juniors were before.

Considered from another angle, the new change in ruling is decidedly unfair to seniors. It does not even make the number of courses open to the two classes equal, and much less does it offer as wide a choice in types of speaking. The list of courses open to juniors includes two types of classroom work, two types of chapel speaking, and Dramatic Interpretation, while the senior list offers but two classroom courses and one chapel speaking course.

Election of courses for junior year is almost invariably the most difficult one in which to choose the courses needed and those desired by each individual without entailing conflicts. Frequently juniors are unable to take the courses they desire in Public Speaking because of conflicting subjects. Under the new rule they are still denied these courses the next year, when in the majority of cases they are able to take them as far as other courses are concerned. If a man has already had Debate, Extemp., or Upperclassman Chapel, he must perforce take them again whether he likes it or not.

A much simpler solution would appear to lie in the consolidation of Senior and Junior Extemp, and Debate into single courses, either of which might be repeated if desired, leaving the other four senior and junior courses open to both classes. In this way a man unable to take a course one year would be able to take it the next. Also, the junior classroom courses now overcrowded would overflow into other divisions, the courses being the same for both classes. There would be the added advantage of having twice as many divisions into which a man of either class could go.

**R. C. W., '34**

## MORE SATURDAY GAMES

Today's scheduled game with St. Lawrence marked the second home contest for Hamilton's teams this spring. Of the first ten games on the three schedules, only two have been listed to be played at Clinton. This absence of games from the Hill, especially on Saturdays, is to be deplored.

A brief perusal of this spring's schedules reveals certain important facts. During the week-end of April 29-30, the baseball, track, and tennis teams were away from home. Thus Hamilton's student body was left without an athletic attraction. The tennis team continued its travelling by playing at Colgate last Thursday. The first home attraction of the year was a tennis match scheduled with Syracuse on Friday. On Saturday, the Hill again was void of any athletic activity, as both the baseball and track squads were playing at Rochester.

This Saturday, instead of having just one home contest, three have been scheduled: a baseball game, a tennis match, and a track meet. The scheduling of these three home events on one day also is to be regretted. Both the baseball and tennis teams are certain to suffer from lack of support on that day, as few will refuse the opportunity of seeing Hamilton's only home track meet of the year.

On May 20 and 21, there will be a recurrence of what happened the opening week-end, when all Hamilton teams were on the road.

Hamilton maintains its conservative athletic policy. But in doing so, let it not lose sight of the fact that the student body likes to see its teams play. With proper coordination of schedules, so that at least one athletic event is on the Hill each Saturday, the students would be more appreciative of the work which members of the teams are doing.

**L. G. K. '34**

## Preacher Advises Courage in the Crises of Life

"If the world is too big for you, create a bigger one within yourself," Rev. Carroll Perry, of Ipswich, Mass., advised in his sermon on "The Instinct for Escape" in the College Chapel on Sunday morning.

Citing the story of the Hebrew king, Ahab, who, when wounded by an arrow in a conflict, desired to withdraw at first, but changed his mind and remained in battle, the Rev. Perry said, "To continue in the battle of life despite wounds of the mind or heart is true courage. The greatest things in the world are accomplished by 'wounded' men. Few men of achievement have not felt circumstances press heavily against them and asked themselves if the game was worth the candle. But they built a world for themselves, a world in which they could accomplish worthy and noble things."

"Routine and life itself at times becomes irksome," Reverend Perry continued, "One desires to throw off the yoke, to be alone and withdraw to oneself. This can only be accomplished if one has a world of the spirit to withdraw to. Circumstance can always be overcome by aspirations that reach above it."

## Commencement Plans Announced

**Commencement to Be June 13; Half Century Annalist Is B. W. Sherwood**

Tentative plans for this year's commencement week, culminating Hamilton's one hundred and twentieth commencement exercises which will be held in the Chapel at 10:00 o'clock in the morning of Monday, June 13, have been announced. This year's half century annalist will be Bradford W. Sherwood, '82, who is the permanent secretary of the class that is celebrating its fiftieth anniversary.

Commencement week will open on Friday, June 10, when the trustees will hold a meeting at 2:00 in the afternoon. The McKinney Prize Declamation Contest, to which four members of each of the three lower classes will be appointed, is scheduled for 4:00. Selections for the competition are based on the marks earned in the declamation chapels throughout the year. No student may be appointed to more than one of these contests during his college course. The Charlatans will present "The Perfect Alibi" by A. A. Milne as their annual commencement production.

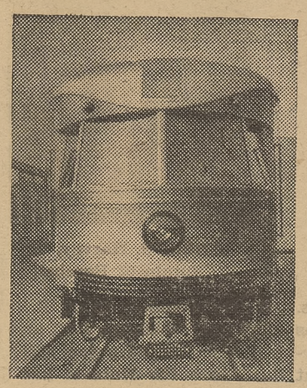
On Saturday morning the annual meeting of the Society of Alumni will be held in the Chapel. William M. Bristol, '82, will preside. The vice-presidents are Edward J. Humeston, '99, Clarence L. Fisher, '00, and Daniel R. Campbell, '02. At this meeting Bradford W. Sherwood will read the half century annalist's letter and the necrologist, Wallace B. Johnson, '15, will present his report. In the afternoon the President's reception will be held in the Library. On Saturday evening there will be the Clark Prize Exhibition in the Chapel. After this the individual fraternities and societies will have their own reunions.

Sunday morning the exercises will begin with the Baccalaureate service in the Chapel. Immediately afterward the seniors will hold the class day exercises, which will include the ivy planting ceremonies. At 5:00 the Choir will give a recital in the Chapel.

The procession for the one hundred and twentieth commencement will form at 9:30. The exercises themselves will begin at ten. The alumni luncheon will be held in the Commons afterwards.

During the week there will be competition for the McGregor Alumni golf tournament, in which class teams and individual players compete for the cup donated by Dr. Robert G. McGregor, '97.

"ELECTRIC BULLETS"



THE result of exhaustive wind-tunnel tests of conventional trolley car models revealed that at speeds of 70 and 80 miles per hour, 70 per cent of the total power was consumed in overcoming air resistance. Streamlining saves approximately 20 per cent of the power.

When the Philadelphia and Western Railway Company decided to replace its cars with faster and more efficient equipment, it chose "electric bullets"—new streamlined cars—each powered by 4 G-E 100-hp. motors. The cars, constructed of aluminum alloy, with tapered noses and tails, are much lighter in weight and capable of greater operating efficiency.

In developing transportation apparatus, college-trained General Electric engineers have conducted extensive tests to improve operating conditions. On land, on sea, and in the air, to-day's equipment is safer, swifter, more dependable, and more comfortable.

# CARPE DIEM

District Attorney Rudd attempted last week to put a severe cramp in the activities of the Hamilton playboys, but Carpe reports that after an extensive period of research he has the following joints to recommend:

Bozonsky's—118 Railroad Ave.
Tony's Spaghetti House—Utica Court House.
Bazooxta's—347 Bleecker St.
Molinari's—832 Columbia St.
The Poplar Club—246 Devereux St.
The Faculty Club—College Hill.

* * * *

Carpe regrets Charley's sudden demise. Carpe hopes that in the after world Charley meets the person responsible for his downfall and takes a few nice juicy bites where it will hurt most. Charley was a good dog. Noisy but nice, doggy but attentive. Charley was happy. Moral—DON'T GO TO CHAPEL TOO CONSISTENTLY.

* * * *

"Bull" Durham has been appearing recently in a **hat.** Carpe wonders if he is trying to inspire confidence in the freshmen, so that they will consult him about electives.

## Nine Wins Short Practice Game

Although rain at Rochester Saturday forced the cancellation of the only regularly scheduled game of the week, the Buff and Blue nine nosed out a 4-0 decision over the Postal Telegraph team of Utica in an abbreviated practice game Wednesday afternoon. Smart fielding and brilliant pitching enabled the Hill team to pile up the advantage which it held when the game was called on account of darkness at the end of the fourth.

Mike Scarpitto had a perfect day at bat against the Utica outfit as he smashed out a double and a single, and walked once in his three trips to the plate. Doubles by Harding and Alberico together with a single by Scott comprised the Hill batting attack.

DeLaFleur turned in a neat performance on the hill in the three innings in which he worked by setting the visitors down with only two hits, both of which were singles. Fisher took up the burden in the fourth and retired the side without difficulty after Raddell had touched him for a single. Both of the Hill moundsmen showed signs of promise in holding the highly touted Postal Telegraph nine in check.

Watson, former Ilion star, started in the box for the visitors, but retired in favor of Rabice in the fourth. Five Hamilton hits combined with numerous errors by the Uticans served to pile up the Buff and Blue advantage, which would probably have been even larger if darkness had not called a halt to the proceedings.

Coach Weber scheduled the contest as a practice game in order that he could size up some of his untried material. The entire squad showed considerable improvement over its play in the Wesleyan game despite the cold wind which swept the diamond throughout the contest.

## SCHEDULE CHANGED

**Attention is called to the fact that a change has been made in the examination schedule printed in Hamilton Life last week. The final examination in Music 4, which was originally to be held on Tuesday morning, May 31, has been changed to Thursday afternoon, June 2.**

**Any undergraduates who have conflicts under the present schedule are requested to report that fact to the Office of the President immediately, so that adjustments can be made as soon as possible.**

George G. Tyler, '27 has been appointed a University Fellow in the Law School at Columbia for next year. Mr. Tyler is affiliated with the Emerson Literary Society and the Hamilton Chapter of Phi Beta Kappa.

## THE CALENDAR

**Wednesday, May 11**
Tennis—Syracuse, at Syracuse.
Political Science Club Meeting at Psi U House, 8:00 P. M. Address by Rabbi Bernstein.

Interclass playground ball games—Sophomores vs. Juniors; Seniors vs. Freshmen.
**Friday, May 13**
Geology 10—Field Trip, Trenton Falls. Geology 4 and 6, optional field trips to Rochester.
Baseball—Rochester.
**Saturday, May 14**
Geology 4, 6, and 10, optional field trips to Rochester.
Track—Union.
Baseball—St. Stephen's.
Tennis—St. Stephen's.
**Sunday, May 15**
Chapel Preacher—Rev. Allan Knight Chalmers, Broadway Tabernacle Church, New York City.
**Monday, May 16**
Interclass playground ball games—Seniors vs. Sophomores; Juniors vs. Freshmen.
**Tuesday, May 17**
Tennis—St. Lawrence.
**Wednesday, May 18**
Last day for submission of Elective courses for next year.

## POLY SCI CLUB TO HEAR RABBI

(Continued from Page One)

eist Magazine", and with people on the street, and peasants in the village where he stayed for a time.

Dr. Bernstein is an alumnus of Syracuse University. He also studied at Cambridge University, and at the Hebrew University in Jerusalem. He is constantly in demand as a public speaker, and is a regular contributor to the "Nation", "Harper's", the "Menorah Journal", and the "American Hebrew". Some of his more recent published articles have been: "Where Communism is Real", in the "Nation", and "Religion in Russia" and "Unchristian Christianity and the Jew", in "Harper's".

## TENNIS TEAM LOSES TWICE DURING WEEK

(Continued from Page One)

after being dropped from his former first place by the addition of Peavy to the team.

**Young Shows up Well**

Because rain stopped the netmen in their attempts to tie the score against Syracuse, the score includes only the singles matches, which show three defeats and one victory, Murphy being the only one to defeat his man.

Young, number two player on the Hill team, showed up well in his match with Brown of Syracuse, making return after return on balls that were apparently well out of reach. He contested his first set hotly before finally yielding 7-5 and afterwards lost his second set 6-4.

The Buff and Blue team is scheduled to meet Syracuse again on Wednesday, May 11, at Syracuse, where it has hopes of retaliating for the drubbing administered Friday. Murphy remains a constant threat to opponents, while Young's game is steadily improving. Advantages in both the unfinished doubles matches in the last contest give promise of a much better showing in the coming match.

Following is a complete summary of both matches:

Hamilton vs. Colgate, at Colgate;

**Singles:** Murphy defeated Peavy, 6-2, 6-2; Young lost to Tompkins, 6-4, 6-1; Kelsey lost to Woodruff, 6-1, 6-0; Schleit lost to Clifford, 6-0, 6-4. **Doubles:** Kelsey and Murphy lost to Woodruff and Tompkins, 2-6, 6-1, 12-10, Young and Schleit lost to Peavy and Tufts, 8-6, 6-0.

Hamilton vs. Syracuse, at Clinton;

**Singles:** Murphy defeated Gleason, 6-0, 6-3; Young lost to Brown, 7-5, 6-4; Kelsey lost to Stafford, 6-4, 6-2; Schleit lost to Pritz, 6-0, 7-5.

**The Annual Meeting of the Hamilton College Church for the election of officers and other business will be held on Sunday, May 15, at 8:00 in the Faculty Club. All members, both of the faculty and the student body, should be present. There will be a social period with refreshments after the meeting.**

## COURSE ELECTIONS DUE NEXT WEDNESDAY

(Continued from Page One)

Survey of French Literature", is conducted entirely in French, and purposes to give an acquaintance with the chief features of French literature from the year 842 down to the present. What is now called French 5-6 will henceforth be 7-8. This course presents a study of the development and history of the theatre in France, from Corneille to the present. The course, 9-10, becomes 11-12. This course is also conducted in French, being a study of French lyric and narrative verse, from Villon to the present. The 11-12, "Romance Philology and Medieval Literature", will be designated as 13-14.

**Alternations Noted**

In the Public Speaking department, each senior must elect two senior courses in Public Speaking, choosing two out of the three: 19-20; 21-22; 23-24. The prerequisites for these courses are now removed, and seniors are not permitted to elect junior courses. Each junior must elect two courses from the junior list as has been the custom in past years.

The Greek course, 7-8, will be offered next year instead of 9-10. In the German department the course 7-8 will not be offered in 1932-33, but will be replaced by "German Civilization", or 9-10. In the Philosophy department "Pedagogy," 7-8, will not be offered, but will be supplanted by "Methods of Education," 11-12. The 5-6 History course, "Europe Since 1600," gives way to 11-12, "European Civilization From the Fifth to the Seventeenth Century," while History 9-10, on "Canada" will replace 13-14, "Latin America." In the Chemistry division, "Organic Chemistry," 5-6, will replace "Analytical Chemistry," 3-4. "Mechanics, Heat, Sound, and Light," the 3-4 course in Physics, will not be offered next year, but will be replaced by 5-6, "Electricity and Magnetism." "Structural Geology," 5-6, will give way to the 7-8 course, "Physiography and Economic Geography."

Freshmen who wish assistance in filling out their elective cards may consult Professor D. B. Durham; sophomores, Professor W. B. Marsh; and juniors, Professor F. H. Ristine.

# Track Team Beats Rochester, 97-34

(Continued from Page One)

with ease. In the shorter distance, Campbell placed second, while Des Malay of Rochester nosed out Bliss of Hamilton for the runner-up place in the longer event.

Hamilton's quarter-mile trio of Sprague, White, and Belatty made a fine showing against Rochester, finishing in that order, while the Yellow Jackets didn't place a man. This superiority was also evident in the shot-put and discus. Maynard Jones, Lee DeSormo, and Sam Ayers won the places in that order in the shot-put, while Bill McGee won the discus event for the first time, with a heave of 106 feet, 1½ inches. Jones and Ayers were second and third in this event.

**Relay Quartet Wins**

Areson tied for first place in the pole vault, with Grosselfinger of Rochester. Neither could do more than ten feet on account of the insecure footing. Kingsley placed third in this event.

The mile relay team, composed of Jason Morrow, Newton White, Alvin Denman, and Wilbur Sprague, had little difficulty in taking over the Rochester quartet. Morrow started off well, and Denman, running anchor, had about a twenty-five yard lead on the last lap, which he stretched to fifty by the time he reached the tape.

**Rochester Wins Two**

Pritchard and Denman won top scoring honors in the meet, both tallying ten points on two first places. Denman's victories were in the 220 and high jump. Bull, Jones, and Schauman of Rochester, were next, having scored eight points apiece.

Rochester showed most ability in the 220-yard low hurdles and the javelin throw. Schauman took first in the hurdles, and Bourmaster, with a heave of 148 feet 9 inches, won the javelin. McInerney was second, and Sprague third in this event.

**Summary**

100-yard dash—Won by Bull, Hamilton; second, Toaz, Hamilton; third, Jacobs, Rochester. Time 10.8.

220-yard dash—Won by Denman, Hamilton; second, Bull, Hamilton; third, Toaz, Hamilton. Time 23.9.

880-yard run—Won by Wolslegel, Rochester; second, Poppe, Hamilton; third, Olszewski, Hamilton. Time 2:10.6.

Mile run—Won by Pritchard, Hamilton; second, Campbell, Hamilton; third, Dean, Rochester. Time 4:46.

Two-mile run—Won by Pritchard, Hamilton; second, DesMalay, Rochester; third, Bliss, Hamilton. Time 10:18.9.

120-yard high hurdles—Won by Stewart, Hamilton; second, Schauman, Rochester; third, Regan, Rochester. Time 17.

220-yard low hurdles—Won by Schauman, Rochester; second, Bellatty, Hamilton; third, Conklin, Hamilton. Time 26.8 seconds.

Shot put—Won by Jones, Hamilton, 39 feet, 8¼ inches; second, DeSormo, Hamilton, 35 feet, 8¾ inches; third, Ayers, Hamilton, 35 feet, 5 inches.

Pole Vault—Tie for first between Areson, Hamilton, and Grosselfinger, Rochester; third, Kingsley, Hamilton. Height 10 feet.

High jump—Won by Denman, Hamilton; tie for second between Kingsley, Hamilton, and Okalowicz, Rochester. Height 5 feet, 4 inches.

Javelin throw—Won by Bourmaster, Rochester; second, McInerney, Rochester; third, Sprague, Hamilton. Distance 148 feet, 9 inches.

Broad jump—Won by Creagh, Hamilton, 19.48 feet; second, Morrow, Hamilton, 19.12 feet; third, Jacobs, Rochester, 19.08 feet.

Discus throw—Won by McGee, Hamilton, 106 feet, 1½ inches; second, Jones, Hamilton, 100 feet, 9½ inches; third, Ayers, Hamilton, 100 feet.

Relay—Won by Hamilton (J. Morrow, White, Sprague, Denman). Time 3:46.

## GOLFERS!

**Lists have been posted on the bulletin board of the gymnasium and all undergraduates wishing to participate in the annual spring golf tournament of the College should inscribe their names by Thursday afternoon. The tournament will be run in flights, the first flight to be championship flight. There will be as many flights of sixteen players each as the number of entries permits.**

**Every man entering his name is requested to post his handicap according to his average score on the College course. A handicap chart for the Hamilton course has been posted.**

Hugh H. Wilson, '24, has opened a law office at 606 Terminal Building, Rochester. He was formerly associated with the Rochester law firm of Webster & Smith.

## ST. LAWRENCE DEFEATS HILL IN BALL GAME

(Continued from Page One)

plate. Ollikainen also scored as the ball rolled back to the backstop. Fay struck out.

Neither team was able to score in the fifth but St. Lawrence scored again in the sixth when Flanagan singled to left center and came home as the ball rolled through Alberico's legs. Fasco drove a sharp single to left and Kunz doubled along the right field foul line to send Fasco to third. Ollikainen caught Fasco at the plate on a close decision when Baker hit on the ground to shortstop.

In the ninth inning Hamilton threatened to score when Alberico beat out a grounder to Fasco for his third hit of the afternoon. Ollikainen flied to Holland as he ran over to the foul line to make a beautiful catch. Scott hit to the pitcher, who threw to second forcing Alberico. Creighton, batting in place of Henderson struck out to bring Furlong's strike out victims to nine as the game ended.

# DO YOU INHALE?

## Why are other cigarettes silent on this vital question?

DO you inhale? Seven out of ten people *know* they do. The other three inhale without realizing it. *Every* smoker breathes in some part of the smoke he or she draws out of a cigarette.

Do you inhale? Lucky Strike *has dared* to raise this vital question . . . because certain impurities concealed in even the finest, mildest tobacco leaves are removed by Luckies' famous purifying process. Luckies created that process. Only Luckies have it!

Do you inhale? Remember — more than 20,000 physicians, after Luckies had been furnished them for tests, *basing their opinions on their smoking experience,* stated that Luckies are less irritating to the throat than other cigarettes.

Do you inhale? *Of course you do!* So be careful. Safeguard your delicate membranes!

**"It's toasted"**
Your Throat Protection—against irritation—against cough

Copr., 1932, The American Tobacco Co.

*O. K. AMERICA*
*TUNE IN ON LUCKY STRIKE—60 modern minutes with the world's finest dance orchestras, and famous Lucky Strike news features, every Tuesday, Thursday and Saturday evening over N. B. C. networks.*
